Five-day International Online Faculty Development Programme on

# HUMAN ENGINEERING FOR PSYCHOLOGICAL WELL-BEING

09.09.2024 to 13.09.2024  
Monday - Friday | 5:30 pm - 7:00 pm

## About the College

St. Joseph's College (SJC) was founded by the Jesuit visionaries in 1844 with the noble aim of educating humanity for the Good and the True (Pro Bono Et Verbo). Serving as a beacon of light for everyone aspiring to pursue holistic higher education, the college caters to the educational needs of all sections with a marked emphasis on the preferential option for the poor, the marginalized, the first-generation learners and the other deprived sections of the society.

### St. Joseph's College

- secured 25<sup>th</sup> position in NIRF Ranking in 2024.
- secured A<sup>++</sup> (2019) in NAAC accreditation process.
- received the coveted honour of the Special Heritage Status from the UGC in 2015.
- was recognized by the UGC as a College with Potential for Excellence in 2004 & 2014.
- was one of the first colleges to be granted autonomy by the UGC in 1978.

## FDP Concept Note

Fostering Human Engineering for Psychological well-being is the main theme of this International Faculty Development Programme. The significance of fostering Psychological Well-Being has gained swift momentum in recent times as the world is becoming more complex than ever before and it is in need of Psychological liberation. Psychological issues, such as, Struggle in balancing teaching, learning and research; Work-Life balancing; Conflict in Work place and Family; Stress, anxiety and tension due to high bench mark set by the system (Family & Work); Lack of Intervention and meditation skills during crisis management; Overhauling emotional experiences; Misuse of Social media; Alcohol and drugs intruding professional institutions - are some of the psychological indicators that do affect the Well-Being and Happiness of the individuals.

As a response, the department of Counselling Psychology is encouraged to organize this Five-Day International Webinar on Human Engineering for Psychological Well-Being.
