Objectives of the Course

To cater the interest of the M.Phil/PhDs Research Scholars and Academicians, We would like to organize Two Day (February 27 -28, 2020) National Level Workshop on "RESEARCH METHODOLOGY IN SOCIAL SCIENCES". The proposed course is the fundamental base for the Research Guides, Young Researchers and Students Community. The key objective of this Workshop is to :

- Develop capacity for conceptualizing and writing research proposal
- Enhancing skills to prepare an appropriate research design, including conducting an overview of literature, formulating research questions and hypotheses, collection of Information analysis.
- Enhance capacity for writing a research paper for publication
- Develop the capacity for planning and writing a book
- To acquaint the participants with the latest developments and trends in the field of Social Science research.

At the end of this workshop, the participants should be able to understand:

- Basic concepts of research and its methodology
- Scientific selection of problem for research in social sciences.
- Research Design; Literature Review : International and National;
- Units of analysis; Concept, Variables, hypothesis
- Units of Research: Types of research design with suitable examples.
- Statistical tools in research and Data analysis
- Preparations & Formulation of project proposal
- Research methods & Data Analytical Tools
 - Training on SPSS and other Statistical package
 - Formulating primary data collection tools (Collection, Tabulation, Inferences)
- Writing a good research paper & Research report and thesis.
- Imparting knowledge on plagiarism and Ethics in research.
- Writing a research grant project proposal for fund mobilizing.
- Art of writing research papers in international peer reviewed journals
- Report writing for research projects.
