ABOUT THE DEPARTMENT

The Department of Commerce was started in the year 1948, for offering the three-year B.Com degree course with the motive of inculcating professional ethics and competency in business and management.

The B.Com course has been offered in Shift-II since 1972. The department is very proud to have introduced and taught Card Punching, BASIC, COBAL and FORTRAN - the most popular computer languages as early as 1970s. The Post Graduate course (M.Com) was started in 1988. Twenty of our staff hold M.Phil Degree, fourteen hold Ph.D Degree along with NET/SET and ten are recognized as Research Supervisors. The department was elevated as the Research Department in 2003 and has produced 54 Ph.Ds. The department is the pioneer in the state in introducing courses on business ethics, computer languages and applications and accounting software. The department reached yet another milestone by launching ACCA, UK integrated B.Com Honours programme in 2020. The department prepares students to pursue professional courses such as CA, ICWA and ACS through feeder courses.

ABOUT THE NATIONAL SEMINAR

The title of the National Seminar is "**Global Ecological Crisis, Covid Pandemic issues and Rehabilitation measures through Knowledge Management approaches for inclusive Sustainable Development**".

The ecological crisis resulted in underpinning current and future human health, well-being and economic prosperity. Environmental degradation, pollution, ecological crisis and Covid pandemic have witnessed threats to human survival and a great depletion to environment sustainability. Protecting biodiversity is vital for avoiding the next pandemic.

The COVID-19 pandemic has brought profound social, political, economic, and environmental challenges to the world. The pandemic arrived at a time when wildfires, high temperatures, floods, and storms amplified human suffering. These challenges call for a powerful response to COVID-19 that addresses social and economic development, climate change, and biodiversity together, offering an opportunity to bring transformational change to the structure and functioning of the global economy.

On taking into account all, important insights have been included in the seminar focusing on **Ecological crisis** as stated by United Nations Environmental Programme (UNEP), **Covid pandemic implementations** given by World Health Organisation (WHO), **Rehabilitation measures** as stated by United Nations Development Programmes (UNDP) and **Sustainable Development Goals** stated in United Nations General Assembly (UNGA) to be achieved in 2030.

This seminar includes eminent speakers who will share perspectives and issues related to the topic and the participants would get numerous benefits, including knowledge on the latest developments of the topic, gaining expert knowledge and renewing motivation and confidence.

This seminar is meticulously planned to give intensive exposure to a topic through presentations and discussions led by multiple experts can lead to higher productivity and fulfilment of professional and academic goals. The seminar discussions offer chances to debate issues related to the ecological crisis, Covid pandemic issues, rehabilitation measures, approaches through knowledge management and reaching sustainable development goals, share experiences and exchange perspectives to handle challenges.
