NATIONAL CONFERENCE ON STATISTICAL OPPORTUNITIES AND CHALLENGES IN MULTIDISCIPLINARY RESEARCH

STAT@SJC - 2018

Date : December 14, 2018

Venue : SAIL Auditorium

**DEPARTMENT OF STATISTICS
SCHOOL OF COMPUTING SCIENCES
St. JOSEPH'S COLLEGE (AUTONOMOUS)**

Special Heritage Status awarded by UGC, Accredited at 'A' Grade (3rd Cycle) by NAAC
College with Potential for Excellence by UGC, DBT – FIST sponsored College

TIRUCHIRAPPALLI – 620 002, TAMIL NADU (TN), INDIA.

About the College

St. Joseph's College (SJC) is an affiliated First Grade College of the Bharathidasan University. It was established in 1844 by the Fathers of Society of Jesus. This Jesuit college trains young men and women of quality to be leaders in all walks of life so that they may serve the people of the nation in truth, justice and love. True to its noble ideal, **Pro Bono Et Vero** (for the Good and the True), the 175-year-old SJC has always upheld and radiated Goodness and Truth in its endeavour to impart quality higher education.

St. Ignatius Loyola (1491-1556)
Founder, Society of Jesus

This educational establishment has been instrumental in churning out thousands of truly educated persons, physically fit and intellectually well equipped. Thus, this College stands for what is best in education. This is the first college in Tamil Nadu, to receive the heritage status from the UGC.

About the Department

The Statistics Department was started in 1978, when the autonomy was granted to our College. The department became a PG Department in 1999. The department got recognition as a Research Department from the Bharathidasan University in the same year. We have dynamic faculty members with Ph.D. and publish many research papers regularly. Many of our faculty members publish books and serve as resource persons in National Level Conferences, Seminars and Workshops. We also offer consultancy services for the research scholars and industrialists.

About the Conference

The Conference aims to provide a strong platform to the young and dynamic researchers for statistical opportunities and challenges relating to their research areas. It aims to build a strong network of statistical information, guidance and suggestion from experts and fellow researchers. The event will also host panel discussions on multidisciplinary research. This Conference will be very much helpful to the students in preparation of the dissertation (at PG and M.Phil. level) and thesis work (at Ph.D. level). This interactive national forum creates an opportunity for Academicians, Practitioners, UG., PG., M. Phil. and Ph.D. students to come together to review their research, exchange ideas, and discuss the Statistical Opportunities and Challenges in Multidisciplinary Research.

Participants from Agricultural, Business Administration, Commerce, Computer Science, Economics, Engineering sciences and Technologies, Education and Teaching, Medical, Social Sciences and Humanities, Physical and Life sciences, Mathematics, Statistics, Physical Education and Information Technology are welcome to this Conference.

Thrust Area

Actuarial Sciences, Agricultural Statistics, Applied Mathematics, Big Data Analytics, Bio-Statistics, Business Statistics, Cryptography, Cloud Computing, Data Mining, Design of Experiment, Econometrics, Epidemiological Study, Fuzzy Analysis, Health Statistics, Management Skills & Behaviour, Multivariate Analysis, Numerical Analysis, Optimization Techniques, Probability, Queueing Methods, Robust Statistics, Statistical Quality Control, Stochastic Processes, Survival Analysis, Testing of Hypothesis and Time series.

Call for Papers
