Department of Information Technology

organizes

a Three-Day Online Faculty Development Programme

Embracing Digital Education

Hands-On Workshop

Dates: 23rd, 24th and 25th June 2021

About the Workshop

Traditionally, education that was imparted to the learners has not been changed a lot since the last decade. Technology was always only an option to effective teaching, learning and evaluation. But the recent paradigm shifts in Modern Education has made Digital Technology become an essential tool towards effectively carrying out various effective pedagogies. This Hands-on Workshop puts the participants in the scenario of a learner in an online Digital Classroom and they would experience asynchronous remote Teaching, Learning and Evaluation through a series of assignments, quizzes and interactive media.

Who is this workshop for?

Educators who would like to develop their skill and knowledge in utilizing digital technology to assist them in Teaching, Learning and Evaluation for the ultimate benefit of the Learner!

Education Tech in Focus

- Edmodo
